WHERE QUALITY AND PRICE MEET

Golf Notes

At a meeting of the Executive Committee on Thursday evening arrangements were made for immediate improvements to the golf course. All holes are now playable and in fair shape and with the changes contemplated the golf course will be one of the best in the country districts.

Intending players are requested to give their names to the secretary, who wishes to complete the list of members in order that competitions, etc., for the season may be commenced.

Several of the younger players, including Cook, Schade, Stauffer and others are showing much progress, so much so that the older members will have to improve considerably on their present form if they wish to retain supremacy.

NOTICE TO PARENTS

The Didsbury Golf Club wish to request parents to warn their children to keep away from the golf course, as it is exceedingly dangerous. A driven golf ball is likely to inflict a very dangerous wound. Several of the younger boys and girls have been noticed on the course lately and there have been some very "close calls." The golf course is private property and from this date on all children are requested to keep off unless accompanied by adults.

Parents are further notified that the golf club will not hold itself responsible for any accident that may occur.

Jas. Clarke, Secretary

Wedding

Fontaine-Bautin

A very pretty wedding was solemnized at the Roman Catholic Sacred Heart Church, Red Deer on Monday morning, April 18th at 9 p.m. when Rosanna Marie Louise, only daughter of Mr. and Mrs. Bautin, of Didsbury was united in marriage to Jean-Marie Fontaine, B.S.A., of St. Isidore, Quebec. Rev. Father MacDonald performed the ceremony at High Mass.

The bride looked charming in a white silk crepe gown with veil and wreath of orange blossoms, carrying a bouquet of carnations. She was attended by Miss Mary VanHezewyk, attired in mauve georgette with picture hat to match, while Mr. Reuben Rodney of Didsbury supported the groom.

After a short honeymoon spent in Edmonton and Calgary Mr. and Mrs. Fontaine will spend the summer at the home of the bride's parents west of Didsbury.

Hanna for the Wheat Pool

Hanna townspeople and Hanna farmers are planning on a united drive to put over an one hundred per cent sign-up of the new Wheat Pool contracts, according to information received at the Pool head office. The Hanna Agricultural Society and the Kiwanis Club of that town are planning on putting their combined strength behind a drive to make the Hanna district solid for the Wheat Pool. In scores of other centres in Alberta the same feeling is manifest. The majority of the townspeople are lined up with the farmers in the latter's determination to handle and merchandise their own wheat.

WORLD HAPPENINGS
BRIEFLY TOLD

Two fine autographed engravings of the King and Queen will occupy a place of honor in the new Canadian legation.

El Salto observatory, near Santiago, announces that several volcanoes in Southern Chile have become active.

A Royal Air Force bombing aeroplane crashed at East Church, Kent, Eng., and its four occupants were burned to death.

Quebec provincial general elections will be held Monday, May 16. Nominations will take place May 9. These dates were announced following a meeting of the cabinet.

A fossil of unusual interest has been found in the workings of No. 2 mine at Glace Bay, Nova Scotia. The petrified form had the appearance of a crocodile or alligator about two feet long and was discovered embedded in the submarine area about two miles under the Atlantic.

For Aches, Pains,
The Safe Home Remedy
NERVILINE

When sudden sickness comes, when the kiddies come in with colds, their little chests and throats sore from coughing, quick results always follow a vigorous rubbing with good old Nerviline. If it's Cramps, Colic, Diarrhoea, Nerviline is a wonderful friend; it brings ease and comfort so quickly. For young and old, to overcome the minor ills that constantly arise in the home, nothing compares with "Nerviline"—25 cents at all dealers.

Jupiter, measuring 86,500 miles in diameter, is the largest planet; Mercury, 3,039 miles in diameter, is the smallest.

Is More Than Pleased
With Results He GotManitoba Man Speaks Highly of
Dodd's Kidney Pills

Mr. W. G. Kemble Used Dodd's Kidney Pills for Weak Kidneys and Found Them Very Beneficial.

Minneapolis, Man. (Special) — The following is one of the many letters of praise which we are continually receiving. It comes from Mr. W. G. Kemble, of Waters Street. He writes: "Getting up in the mornings I used to have bad pains in my kidneys. I was told to try Dodd's Kidney Pills and must say I have to thank the person many times for telling me about Dodd's Kidney Pills for they brought me great relief. I would not be without them."

That Mr. Kemble's trouble came from the kidneys is evidenced by the relief he got from Dodd's Kidney Pills. When the kidneys become clogged or out of order, the circulation becomes sluggish, the impurities are not strained out of the blood and the result is weariness and lack of energy all over the body. This condition is not only disagreeable but dangerous as well. The impurities in the blood are the seeds of disease.

Guard against these diseases and get back your accustomed energy by using Dodd's Kidney Pills.

One of New York's newest skyscrapers burns enough coal in a day to heat four average sized homes all winter.

Was So Nervous
The Least Noise
Made Her Jump

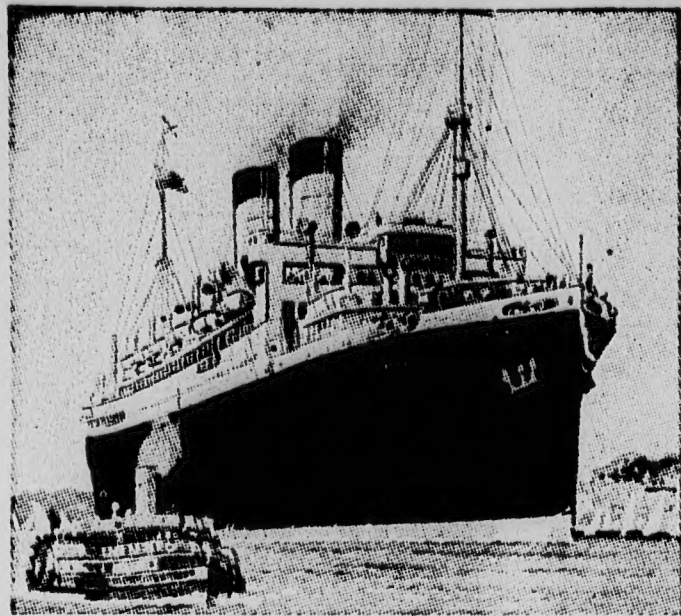

Mrs. W. H. Yates, Ashern, Man., writes: "I was bothered very much with my heart and nerves, and the least noise would make me jump and almost stop my heart beating."

I told my mother about it one day, and she said that she had been bothered the same way and told me to get a box of

When I had taken the one box I felt quite a lot better and by the time I had taken three boxes I got relief.
Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

White Star Liner "Albertic" 19,000 Tons, Largest Ever to Sail From Montreal

Another page in steamship history will be written this season when the Albertic, of the White Star Line Canadian Service (shown above) docks at Montreal at the end of April, as this will be the biggest steamer ever to sail up the river St. Lawrence as far as Montreal.

Previous to this season the Doric and Regina, sister ships in the White Star Line Canadian Service, held the record for being the largest steamers to enter the port of Montreal. They are 16,500 tons each, but the Albertic is 19,000 tons and, therefore, 2,500 larger than the Doric and Regina.

The Albertic is an R.M.S.P. steamer. She was formerly known as the Ohio, one of the world famous "O" liners. She will join the St. Lawrence fleet with a reputation equal to her size and, in addition to being the biggest steamer ever to sail up the St. Lawrence to Montreal, will be one of the most luxurious to make Montreal her terminal.

The Albertic will be used on the direct service to Liverpool eastbound while on the westbound route she will call at Queenstown. She will leave Liverpool on her first westbound voyage under the new name on April 22 and will steam out of Montreal on her first eastbound voyage on May 7.

Built in 1923, the Albertic is 597 feet long, 72 feet wide and 37.6 feet deep and she has seven decks. "A" is the observation deck; "B" is the smoking room, the lounge, the read-

ing room and a few staterooms. "C" is known as the promenade deck. This is partially glass enclosed and it offers the incentive to exercise, which, in turn develops the healthy appetite.

On "C" deck too are the luxurious suites comprising bedroom, with separate beds, sitting room and bathroom while on "D" deck are a few more suites, and staterooms together with the dining room, the haven of refuge after big appetites have been created on deck in the tanga sea air.

There are three other decks, "E," "F" and "G" which are used for staterooms where passengers can be assured of a restful sleep after the activities of the day on the spacious decks.

The equipment of the Albertic embodies the latest designs in wireless telegraphy and submarine signalling apparatus, fireproof and watertight bulkheads, combined semaphore and Morse signalling appliances, while among other features there are on board for the convenience of passengers, two barber shops, a ladies hair-dressing parlor, and a library.

The Albertic will make eight voyages from Montreal this season, on May 7, June 3, July 2, July 30, August 27, September 24, October 22, and November 19, and on all these voyages she will carry cabin, tourist third cabin and third class passengers direct to Liverpool. On her last trip of the season she will call, en route, at Glasgow.

Claims Television
Has Spanned OceanNew York-London Demonstration
Promised by British Inventor

John L. Baird, young British inventor, claims to have established television between London and New York. He proposes to give a wireless telephone - television demonstration between London and a New York store shortly. A special receiving set has been built for the purpose.

Mr. Baird said that for several weeks he carried on his experiments between his station at Coulsdon and a station twenty-five miles outside New York. A new station is being installed in America by means of which Mr. Baird says it will be possible to demonstrate the practicability of his invention. If these tests are successful, Television, Limited, the company of which he is technical director, will place a television receiving set on the market at a cost of \$150.

Widespread interest was aroused in London by the successful television experiments between New York and Washington. Although many experiments in television have been made in Britain, engineers of the General Post Office are not co-operating with the scientists on both sides of the Atlantic who are trying to bring this new development within reach of the public. A post office official, questioned on the subject, replied, "There is much to be done before the post office aims at a public service of 'television'."

The Changing West

Senator W. A. Buchanan, publisher of the Lethbridge Herald, addressed the Toronto Young Men's Board of Trade recently on "The Changing West," pointing out the transformation in progress from straight grain growing to mixed farming, with industrial centres developing, all tending to broaden the economic and labor basis of the West.

The development of radio in Sweden now covers the entire country. More than 200,000 receiving sets are in use.

Canadian Air Force

Four Modern Fighting Planes to
Replace Obsolete Aircraft

Replacement of a few obsolete war type aircraft by a flight of four modern fighting planes to familiarize officers of the Canadian air force in the handling of modern planes is provided for in the estimates passed recently by Parliament, according to the Department of National Defence. The air service estimates passed by the House totalled \$3,592,293. Of this \$1,669,694 was for military training and operation and \$2,222,593 for civil government operations and civil aviation.

Besides providing for the new planes, the former estimates will enable the training on a small scale of a reserve of officers and air staff.

The estimates covering civil aviation consist mostly of forest and survey services for other government departments.

The program includes this year air patrols for fire detection and suppression of over 70,000,000 acres of forested lands in Eastern and Northern Manitoba and Northern Saskatchewan, and for fire detection patrols of over 3,500,000 acres in the forest reserves in the foothills of the Rocky Mountains in Western Alberta.

The air survey program includes work in every province in the Dominion. The growing importance of this feature of aviation has been recognized and the development of the resources of the north country are largely dependent on good maps being made of available remote districts now becoming of great importance through their mineral or forest wealth.

If you want a man to praise your judgment all you have to do is agree with him.

WHITE STAR LINE CANADIAN SERVICE

Embarrassing Position Experienced By Bronx Lady

Miss Jeanne Ginsberg, Bronx, N. Y., writes: "I had become accustomed to arising each day with a heavy head, dizzy and bad taste in my mouth. My bowels were frequently clogged and constipated. One day I became so sick to my stomach I had to leave an important job and go home. A friend advised me to take CARTER'S LITTLE LIVER PILLS. I feel greatly relieved since using them and whenever my stomach and head goes bad again I'll certainly know what to do."

CARTER'S LITTLE LIVER PILLS are sugar coated, small, easy to swallow, purely vegetable, and relieve the bowels free from pain. They tonic the system as they are purely vegetable and do not contain Mercury, Calomel or other poisonous drugs.

CARTER'S LITTLE LIVER PILLS, 25c. and 75c. red packages.

Strange, Romantic Love Adventures of the Flapper you know

Joanna

by H. L. GATES

Copyright 1923 by H. L. GATES

Published by arrangement with First National Pictures, Inc.

CHAPTER XXXIII—Continued

"You mean," she said, "that I may marry you, but love someone else and invite him to love me? That I do that it will be—quite all right, with you, my husband. And that if I do all this, why, I may keep my money?"

"Just that!" he answered shortly, "your money, and your love!"

When she did not speak, at once, he went on with a merciless sneer.

"The man you are thinking of will not hesitate, I imagine, to take full advantage of such an arrangement. He has shown himself to be amenable to any kind of conditions. While we are here, tonight, he is kneeling before satin slippers that were never worn by your feet. You have not done with him as you would like to have done only because he was afraid to bind himself to you. Free him from that fear, and offer him another way; and I fancy, he will not be so elusive. Perhaps I might add that by giving me yourself, as my wife, mind you, you will not only retain your money, but you will solve the problem of retaining him!"

She stared into his eyes for a long time, then dropped into the chair. "Would you mind," she asked, "ordering me something to drink? My throat is parched."

Then she buried her head in her arms.

Without a word Brandon went to the door and signalled the waiter, who had remained on the balcony in the vicinity of the door. The man hurried away. Brandon returned to the chair and stood by the side of the limp form of the girl. He touched

her body relentlessly. She put up her hand in mute appeal for him to be silent. He hesitated, and then, with a shrug of his shoulders went to the fireplace.

When the waiter brought in the champagne with glasses arranged on the tray, Brandon signed him to deposit it on the table, and waved him out of the room. Joanna stirred and lifted herself, by bracing against the table, to her feet.

When she looked across at Brandon the quizzical smile that so many people had never understood hovered about her lips.

After a little while Joanna opened her fingers and the broken wreck of a champagne bottle fell.

Brandon went at once to the table and reached for the champagne to open it.

Then he sank, noiselessly, to the floor.

Joanna stood over him and watched the crimson trickle from his forehead, the broken, jagged neck of the champagne bottle still clutched in the deadly grip of her hand.

CHAPTER XXXIV The Flight

Down stairs they danced; danced and shouted witty, taunting, mocking things at each other. Long, twisting serpentines, thrown from dancer to dancer in carnival abandon, spread a rippling blanket of tawdry colors over the club house floor. And Joanna gazed down upon the prostrate form that lay at her feet, the crimson still trickling in ghastly persistence from the white forehead.

After a little while she opened her fingers and the broken wreck of the champagne bottle fell to the carpet. She closed her eyes and lifted her face, from which all the color had fled.

This was a pose Joanna had never struck before. It was one she'd never practiced. She'd never thought of anything quite like it. It was as if she wasn't posing at all—just holding her face toward heaven with her eyes closed as if afraid to

contemplate the message that might be written there.

Then she went onto the balcony and closed the door behind her. She nodded to the waiter who stood nearby, flashing him an assuring smile that seemed to tell him she was enjoying herself tremendously and would be coming back in a moment.

Downstairs she skirted the dance floor and threaded her way among the tables to foyer. The red coated attendant bowed to her. "It is still black outside, Mademoiselle," he said. "No one could get down, now. It will lift by morning though."

"Just the same," she returned, "please to call for Mr. Brandon's car. I think he will have one parked in the yard."

The flunkey would have protested but Joanna silenced him with an arrogant gesture. Muttering, he went onto the veranda, Joanna following him, and called to a knot of chauffeurs who stood in the mist-dulled glare of a powerful headlight discussing, no doubt, the affairs of their masters. None of these responded. He went then into the yard, and among the parked cars he found the hunched shape of Antoine and spoke to him. Antoine, wondering, agreed that Monsieur Brandon was his patron.

"Very well then," the attendant commanded, "be so good as to bring your car to the entrance. Your master seems to be remaining. Mademoiselle, his young lady, apparently brings his order for you to take her down the mountain. You can't make it, of course, but that is his and her affair, not mine."

Antoine growled his doubts of such a situation. They were cut short by Joanna herself, who appeared suddenly at the side of the car in the wake of the doorman. "I do not desire to be taken down the mountain," she declared. "Your master, however, requires you, inside at once. I am to await your return, with him perhaps, in the car. Please to go at once."

Both Antoine and the servant were puzzled, but Joanna brooked no tardiness in obeying her commands. To Antoine she repeated: "I bring your master's orders. Attend to them!" The attendant here will show you the way to Mr. Brandon. He awaits you in the private room, on the balcony. Still dubious about this sudden humor to expose him to possible identification by the maskers in the club house Antoine descended from the car and stumbled along behind the other man. Joanna climbed into the seat he had vacated. When their two forms disappeared across the veranda she felt with her toe for the starter, found it, kicked it, and in another moment was guiding the gray car toward the gate. When she was safely through the gate she disappeared in the mist. The curious chauffeurs who had watched her maneuver heard the echo of her horn until it, too, was absorbed by the thick, opaque atmosphere. "That's the one they call the Golden Girl," one of the drivers explained to his companions. "Pity, isn't it, to see a young girl like her clear gone to the devil!"

Antoine, led at his request through

Bladder Weakness Remedied by Gin Pills

Buffalo man recommends them for kidney and bladder trouble

Gin Pills bring you quick relief from urinary and bladder troubles. They soothe the kidneys and bladder and get rid of that burning sensation; the frequent desire to urinate is overcome; brick dust deposits disappear. You can again enjoy comfort by day and sound sleep by night. Thousands of people are relieved of bladder and kidney troubles every year. Read what George F. Doetterl, Buffalo, N. Y., says of Gin Pills:

"I suffered from bladder weakness and frequent urination. I had tried other kidney remedies, but got no relief. Advised to take Gin Pills, I did so, and after taking half a box noticed much improvement. I can sincerely recommend these pills to anyone suffering from kidney and bladder derangement."

If you have headaches, backache, uric acid, pain in the kidneys, dizziness, frequent urination or swollen joints, Gin Pills will correct them. 50c a box at all druggists. The National Drug & Chemical Co. of Canada, Limited, Toronto, Canada.

kitchens and sculleries, was brought to the closed door on the balcony. The guardian waiter opened the door for him. Brandon's eyelids were beginning to quiver. The excitable waiter would have lunged out of the room with a cry of alarm but Antoine clutched him by the throat and smothered the sounds in it. "Quietly, my friend, quietly," he grumbled. "There's something to hide here, not to advertise. Bring the proprietor, or his assistant—quietly."

At the end of an hour's patient ministrations behind the locked door Brandon, stretched on a divan, held his eyes open and gazed around him. His first feebly uttered question was:

"Where's the girl. The Mademoiselle?"

The club house director would have silenced Antoine's complaint that she had stolen his car, but the Monegasque would not be restrained. Through the bandages matted about Brandon's head something of a feeling smile escaped. "It is just as well," he murmured. "Be of cheer, my good Antoine! I failed, but I fancy you and your men will be paid double for your little practice tonight."

"But she will give the alarm below!" the other exclaimed. "Before morning! After dawn it would be futile; we contemplated an alarm by dawn when the men get down. But not before! You did not keep her here—(ill dawn, as you agreed!)"

(To Be Continued.)

Weight of British Debt

Amount Owed to States Placed at 6,700 Tons of Gold

Great Britain's debt to the United States would make a lump of gold weighing 6,700 tons, Lieut.-Col. L. S. Amery, secretary for the Dominions, estimated in a speech at the annual dinner of the Mining and Metallurgy Institution, London.

"Therefore," he added, "our debt to America is more one for the prospector and mining engineer than for the financier."

The British debt to the United States was funded in 1923 at \$4,600,000,000.

THAT BABY OF YOURS

Keep Him Well With the Aid of Baby's Own Tablets

No matter how strong and rosy your child may be he requires a laxative sometimes so that the stomach may be kept sweet and the system clean.

Formerly the laxative medicines given to children were disagreeable ones—castor oil, senna tea, powders and so on. But now Baby's Own Tablets, easily administered and pleasant to take, have superseded these. The children like Baby's Own Tablets.

Not only as a laxative but in many other ways these Tablets are an ideal remedy for little ones. They quickly reduce feverishness, relieve indigestion, colic and vomiting, prevent constipation, check diarrhoea, allay teething pains and promote healthful, natural sleep.

You can get Baby's Own Tablets at any dealer in medicine or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

222nd Battalion Re-Union

Association to be Formed of Former Members of This Unit

At a Re-union Dinner of the 222nd Battalion held in Winnipeg recently, it was decided to form an Association for the purpose of having an annual Re-union, and keeping former members of the unit in touch with each other. Full particulars of the association can be obtained by communicating with Lt.-Col. Jas. Lightfoot, of Lightfoot's Transfer Co., Winnipeg, or Mr. Jas. Hercus, c/o Hydro Offices, King St., Winnipeg. It is hoped to make this association a real success and all former member of the battalion are urged to send in their names and addresses.

No need to suffer with corns, or to run the risk of paring them. Remove them surely and painlessly with Holloway's Corn Remover.

Many Radio Phone Calls

The Postmaster-General announced that to the end of March the number of trans-Atlantic radio telephone calls passing between England and America was 257 westward and 398 eastward.

Going fishing—take Minard's Liniment.

Splendid Washboards

Built to LAST!

Here's a washboard so strong that a big, 165 pound man can stand on it without damaging it in the slightest way.

That tough SMP Pearl Enamelled rubbing surface is mighty near everlasting, and the rest of the board is built in the same way. The remarkable wearing qualities of this sturdy washboard demonstrate the lifelong wear you get from all SMP Enamelled Ware utensils. Made by that old established Canadian company.

Little Helps For This Week

That all may learn, and all may be comforted.—1 Cor. xiv. 31.

When God gives to us the clearest sight, He does not touch our eyes with love, but sorrow.

—John Boyle O'Reilly.

We must suffer in ourselves before we can truly love others, and we must suffer greatly before we can love widely. Why it is so we may not be able to tell, unless it be that only thus do we gain a thorough knowledge of ourselves. There is in the heart of man a secret chamber where God has put all humanity and Himself; touch the door with the hand of suffering and it flies open, and man finds himself one with all others, and God Himself in the midst of them.

—Theodore T. Munger

Many mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

Speaking of fruit, the first apple caused a lot of trouble for the first pair.

Minard's Liniment soothes tired feet.

In 1868 the first regularly-equipped government fish hatchery on this continent was erected by the Dominion of Canada at Newcastle, Ontario.

Mrs. E. Searls Broadcasts Good News

—Hayball Studio

Woodstock, Ont. — "I found Dr. Pierce's Favorite Prescription excellent as a tonic and nerve medicine. I was in a rundown, weakened state of health. My nerves were all upset, I could not sleep and had very little appetite. I took Dr. Pierce's Favorite Prescription and found it very helpful. It sharpened up my appetite, strengthened my nerves, and I could sleep. It built me up in health and I felt better in every way. I think the 'Favorite Prescription' is the finest medicine any woman can take." Mrs. E. Searls, 671 Canterbury St.

Any drug store, in tablets or liquid, or send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for trial pkg. of tablets.

Didsbury Pioneer

LOCAL AND GENERAL

All those interested in Baseball are requested to attend a meeting to be held at the C.P.R. Depot, Monday, May 2nd.

Mr and Mrs. W. G. Liesmer had as house guests over the week end, Mr and Mrs Don Campbell, Miss Marie Cameron, Master Douglas Cameron and Mr. Falkner, all of Calgary.

Miss Edith Chambers entertained about twenty guests at an enjoyable bridge party, Tuesday evening.

Mr. and Mrs. Morley Henderson of Medicine Hat, were weekend guests of Mr. and Mrs. A. R. Kendrick, Mr. Henderson is a brother of Mrs. Kendrick.

Mr. and Mrs. A. G. Studer motored to Calgary this week.

Mayor Chambers was a visitor to Calgary on Wednesday.

Despite the stormy weather Monday night, the I.O.E. dance was a very enjoyable affair. A number of out of town visitors were present.

Master Murray Kendrick entertained about sixteen young guests at an Easter party, Saturday evening.

Mr Don Campbell who spent the Easter holidays in Didsbury in the "Musical Critic" of the Herald, and while there interviewed some of the old timers and wrote the story of the first settlers in Didsbury which appeared on the front page of the Saturday's Herald. Mr. Campbell is a son-in-law of A. G. Studer.

Mr. Elmer Evans returned to Calgary on Saturday after spending the Easter holidays with his parents.

Community Hall... Church services will be held in the hall, Sunday, May 1st at 3 p.m., Rev. A. E. Hayes conducting the services.

What has been described as one of the most stirring films ever shown will appear at the Didsbury Opera House on Wednesday, May 4th, when Milton Sills will appear in "Men of Steel." Two thousand steel workers with their wives and families took part in one of the scenes.

Messrs. A. McNaughton, A. Guy and M. Bradford spent last week in the Sunburst oil fields. They report a scene of great activity down there. Many new derricks have been erected and recently several more wells have been brought to the producing stage. One of these has a capacity of 500 barrels a day. The interest in this oil field, instead of diminishing is apparently

increasing to a very considerable extent and the next few months it is expected, will see development on a still larger scale.

Miss Evelyn Warren of Calgary spent the week-end at the home of Mr. and Mrs. J. V. Berscht.

The weather conditions during the past week have been a distinct improvement over those of a fortnight ago, and the land is drying up nicely. Farmers are now very busy. On some lands seeding is being actively proceeded with.

There appears to be a general impression that the season is late and consequently farming operations will be retarded considerably. This idea may have arisen from the fact that winter prolonged its stay a few weeks longer this year, or judging by comparisons it failed to deal with us as leniently as it did the previous year. When one delves into the past, however, he is confronted by the fact that if this season is late other years have shown conditions to be much worse. Seeding is now being carried on, and by May 1st it is confidently expected that twenty-five per cent will be finished. Figures obtained from a reliable source enable us to offer a comparison. In 1926 on May 1st there was forty per cent of the seeding finished. On the same date in 1925 it was much better and seventy-five per cent was recorded. In 1924, however, it was only two per cent, in 1923 forty per cent, 1922 five per cent, 1921 five per cent, 1920 none, and in 1919 ten per cent. Taking an average of this series of years one finds that 1927 is not doing so badly after all.

The baseball season will commence on Saturday, April 30th, when Wallace Beery appears in "Casey at the Bat" at the Didsbury Opera House. It's laughable throughout and is just the picture to drive dull care away.

A baseball meeting to re-organize the team, elect officers, etc., will be held in the C.P.R. rooms on Monday evening next. All those interested are cordially invited and it is hoped a big attendance will be recorded. The prospects are particularly encouraging this year and it is believed that with the good material at hand coupled with co-operation on the part of the residents of Didsbury, a very successful season will be experienced.

Notice

NOTICE is hereby given under Section 48 of The Domestic Animals Act (Municipalities) that one Bay mare, indistinct brand on right shoulder, was impounded in the pound kept by George Dippel, located on the N.E. 22-31-2-6, on Wednesday, the 28th day of March

A.D. 1927, and that the said animal was sold on the 18th day of April, 1927, to Abner Hunsberger of Didsbury, Alta., and that said animal may be redeemed by the owner or on his behalf within thirty days from the publication of this notice in the Alberta Gazette upon payment of all fees and costs due to the municipality and the purchaser of said animal.

For information apply to the undersigned.

A Bad Case of Eczema

Are you reading the weekly Canadian letters, telling stories of suffering from skin diseases and how relief was effected? Here is part of a letter from Mrs. M. Gibson, Box 1116, Midland, Ont. Write her if you desire. "I had a very bad case of eczema on my face and neck, also scalp. Could not find anything to give me relief. One small bottle of D. D. D. gave me great relief, so I had a second large bottle, and I am now without a blemish."

The proof of the pudding is in the eating. When a prescription for skin disease has letters of endorsement from nearly every city and town in the Dominion, surely it is enough to convince the most skeptical.

Relief from itching, burning, to be immediate. Try one \$1.00 bottle of D. D. D. today on the positive guarantee. And D. D. D. costs 10c.

D.D.D.
Lotion for Skin Disease

H. W. CHAMBERS, DIDSBURY

Our Country Districts

Westcott.

Seeding operations are getting under-way between storms.

We are pleased to be able to report that Mrs. J. Robertson and Mrs. R. Webster, who were operated upon for appendicitis, are well on their way to recovery.

Alex. seems to think it is good that man should live alone.

Mr. C. R. Ford spent a couple of days last week on the road to and from Jame's River.

We wish to welcome to the neighborhood, the Mollock family who have moved on the Noble Cole place.

Mr. Jas. Hugh's spent a day in Calgary on business last week.

A number of friends gathered at the home of Mr. and Mrs. Dageford on Sunday last. Mr. and Mrs. Dageford intend touring the Western States this summer.

Mr. J. Loft has purchased a new Chevrolet sedan.

Messrs. Frank and Howard Good and their sister Eva spent Saturday evening last at H. O. Levagoods. Eva intends to leave this week for Acadia Valley.

Mr. C. McFarland spent the Easter holidays in the district, renewing old acquaintances.

Mountain View.

On Thursday, April 21st the Mountain View Women's Institute held a very pleasant meeting at the home of Mrs. Ed. Bernes. During the business part of the meeting, it was moved and carried that this Institute give financial aid to the Gore and Neapolis schools at the School Fair to be held at the Mountain View Community Hall on Sept. 2nd, 1927. Roll call was answered by articles on "Oinks Welfare and Public Health," which were supplied by Mrs. Geo. Clark, convenor for the subject. Six pairs of pillow cases were bought, made, and presented to the Didsbury hospital. The meeting was opened and closed by singing Easter and other hymns. Seventeen members, sixteen children, one visitor were present. Lunch with delicious ice cream sundaes served by the hostess.

On Friday, April 29th there will be a dance in the Community Hall. Music furnished by the Bellamy & Clemen's Orchestra.

Mrs. E. Jackson spent her Easter holidays with her friend, Mrs. Ed. Blain.

Mr. and Mrs. Geo. Clarke and family spent Easter Sunday with their friends, the Sargents, at Calgary.

Miss Inez Woods, of Calgary, spent the holidays with her sister, Mrs. Jas. Worrell.

Everett Blain has returned to Didsbury to school after being out several weeks with Scarlet fever.

The Rev. Mr. Hayes of the Didsbury United church held services in the Community Hall on Easter Sunday. He will be here again on May 1st.

Burnside.

The school all re-opened Monday morning after a week's holiday.

Mr. Bill Dick has bought Section Fifteen and will break it up this summer and build on it.

Mr. Bert Weber is "backing" on his quarter section near the Burnside and will start

buildings on it this summer. The south road will look much better when all these nice new homes are built beside it.

Mrs. Jim Sheils and children spent the Easter holidays at their home here.

The bad storm on the 17th (Easter Sunday), caused a great deal of inconvenience and trouble to those who were caught out in it. Some of the cars were so badly stalled that their drivers were nearly a week reaching home.

The Lone Pine Women's Institute are holding a picnic with dance at night on May 24th. Don't forget the date.

The Burnside U.F.A. will meet on Monday evening, May 9th, in the Lone Pine Hall. Every body welcome.

The Jutland W.C.T.U. will meet Wednesday, May 4th, at the home of Mrs. Bert Pross.

The Lone Pine W.I. met at the home of Mrs. Alex. Lieper on April 14th. Mrs. Boulton gave a splendid paper on "Education and better schools," and this was followed by a discussion on the subject. Plans were made for the Institute picnic on May 24th. The next meeting will be held at the home of Mrs. Fred Boulton on Thursday, May 12th. All the ladies of the neighbourhood are cordially invited to attend.

Sheep from the Prince of Wales' Alberta ranch, south-west of Calgary, are superlative, according to Walter Charles Priddy, of the Corriedale Sheep Co., Gridley, California. He has just purchased forty head of imported Shropshires from the Royal ranch, as well as fifteen from other flocks in the district.

Asbestos waste as a soil strengthener is the latest in the line of by-products. Early this year the Development Branch of the Canadian Pacific Railway undertook an investigation and inaugurated a series of experiments in the use of this material. Macdonald College actively co-operated and results so far show that this material has a real value when applied to certain soils.

A valuable consignment of twenty-six silver black foxes valued at approximately \$20,000 was handled by the Canadian Pacific Express Company in Montreal recently. The animals were shipped directly from the Meritt Silver Black Fox Ranch at Meritt, B.C., and will be forwarded to Messrs. Baillon and Paulin, Grenoble, France, to a new fox ranch of which this British Columbia shipment will be the nucleus.

Completing the first 3,200 miles of a ten thousand mile journey from Liverpool to Osaka, Japan, thirty canaries valued at a hundred pounds sterling, arrived at the Canadian Pacific Express Company sheds in Montreal recently and left from the Windsor street station for Vancouver. They came over on Canadian Pacific liner Montroyal to Saint John and although they had experienced somewhat of a stormy crossing, were in fine feather and singing at the top of their voices.

Completing a two month visit to Canada during which he has traversed the Dominion from Quebec to Victoria, returning through the United States, C. C. E. Young, in charge of first-class booking office of the Canadian Pacific Railway in London, Eng., seen at headquarters of the system in Montreal recently, declared that the country had been a revelation to him, fully explaining the great attraction it is increasingly exercising on tourists. "The great facility of travel, luxuriousness of the hotels and the opportunity for seeing practically virgin territory make up a combination of advantages that are perhaps not to be found elsewhere in the world today," he said.

Bond Interest

When your interest coupons become due, or when you receive cheques for interest on registered bonds, deposit them in a Savings Account in the Bank of Montreal. The money you receive on your investment in bonds will then earn interest for you.

H. W. CHAMBERS, DIDSBURY

"Merry Sunshine," an eight year red poll cow, bred and owned by Gowan Brothers, of Kamloops, has recently completed a 365-day R.O.P. test and established a new Canadian record with 13,517 pounds of milk. This record was made under ordinary farm conditions on a ranch nearly 4,000 feet above sea level, the cow staying out of doors day and night.

A cable from London, England, reads: "Following the perfection of a method for the production of artificial wool from pine needles by Italian and German scientists, a British financial and industrial corporation is in touch with Quebec Provincial Agents Office at Quebec city investigating the possibility of establishing such an industry in Quebec Province."

A great future for tobacco growing in Western Ontario is predicted by the Hon. J. S. Martin, Provincial Minister of Agriculture, who states that counties engaged in this industry have demonstrated that they can grow as fine tobacco leaf as Kentucky or Virginia. A number of experts have been engaged, he announced, to visit new growers and give them all information possible.

Supervising 200 Norwegian settlers, including wives and children, from the districts of Nottoden, Heddal and Valdres sections of Norway, Eric Flatebo, chief clerk in the Canadian Pacific Railway offices at Bergen, saw the settlers off for Winnipeg from the Windsor Station, Montreal, fifty of the party are going straight to relatives. Mr. Flatebo estimates that some 600 persons from the districts named will eventually come to Western Canada.

Via Canadian Pacific Railway recently there was forwarded to His Holiness the Pope an album of photographs of the Canadian Rockies offered by E. W. Beatty, Chairman and President of the system, following the suggestion made by a prominent Canadian citizen who had described the Canadian Rockies to His Holiness in an interview some time ago. A wish for a book showing views of the mountains was expressed by the Pope whose wish was conveyed to Mr. Beatty. The album is beautifully bound in white kid.

Canadian ilmenite ores will soon be used in the manufacture of a new pigment called "Titanium White" (to be used in the same way as white lead) according to R. H. Monk, of Montreal, who states that plans are nearing completion for the erection of a plant in Montreal, and, if everything develops as expected, this plant will be set up in the autumn. The development branch of the Department of Colonization and Development, Canadian Pacific Railway, has been active in furthering the establishment of this industry.

Packed in the best packet yet found for tea—Aluminum.

On To The North!

The development of Canada is entering, in fact has already entered a new phase and one which holds promise of adding enormously to the population, wealth, and economic strength of the Dominion. In all the provinces, with the exception of the Maritimes, the attention of governments and people are turned northwards.

The history of Canadian growth during the first half century of Confederation records development upon east and west lines, beginning with the acquisition by the newly-born Dominion of the Hudson's Bay Co. lands of the west and the building of the Canadian Pacific Railway; then came the construction of the Canadian Northern; and finally the projection of the National Transcontinental and Grand Trunk Pacific across the continent. Practically all traffic moved east and west, and in these western provinces a long roundabout journey was frequently necessary in order to travel from one place to another only a comparatively short distance apart on a north and south line.

As a result of this early and quite natural programme of development, Canada became a country, so far as settlement and trade was concerned, a narrow strip stretching all the way from the Atlantic to the Pacific, but consisting of fewer people than are to be found in European countries which in area are smaller than Canadian provinces. Canada had length but it lacked depth, a condition which made for weakness as a national unit because of the great distances separating the people and leading to a too great diversity of interests, a lack of knowledge of the needs and problems of the different sections.—Maritimes, Ontario and Quebec, the Prairie West, the Pacific slope,—a resultant sectional rather than a national viewpoint. Always there existed the possibility of this thin thread snapping at some point.

It is, therefore, a matter of national satisfaction that Canada is now on the threshold of its second great development,—a development northwards which will give the Dominion what it has hitherto lacked, depth as well as length. From all quarters, governmental, financial, manufacturing, comes the confident prediction that the next two or three decades will witness a complete transformation in this respect, and hardly a week passes that some new enterprise involving northern development is not reported.

Development works, financed by Canadian, British and United States capital and involving an investment of close upon one billion dollars, are under way in Quebec which will result in the establishment of great industrial plants, the employment of tens of thousands of men, the creation of new cities and towns, and an enormous expansion in the trade of the Dominion. These are practically all to the north of present settled areas.

In Ontario, the Provincial Government has decided to push construction of their railway through to James Bay, while throughout both old and new mining areas of Northern Ontario unprecedented activity in prospecting and development is in progress.

Manitoba has awakened to the potentialities of its vast northern territory and, as in Ontario and Quebec, the eyes and energies of the people are being focussed on mineral and water-power development there with all that this must mean in industrial expansion. The business men of Winnipeg realize they can no longer depend for future growth upon being simply a wholesale and distributing centre for the west.

The age-old demand of the Prairie West for an outlet on Hudson Bay is at last being met by aggressive action and the last section to be built will, before many months, be completed. The latest discoveries in science and invention are being employed to expedite this work. Airplanes have for weeks been carrying men and supplies from the end of steel to Churchill, other airplanes will patrol the Hudson Straits, airplanes are being employed in survey work in northern Saskatchewan, as well as in northern Ontario. Important branch lines of railway are to be built in northern Saskatchewan to connect existing railways with the road to the Bay, while the Saskatchewan Government has appointed a commission to make expert inquiry into the whole subject of power development within the Province.

Alberta has pushed railways well into the north of that Province, and it is now known there exists a wealth of oil, mineral and other resources in those northern stretches, as well as vast tracts of fertile lands suitable for agriculture. Investigation is now to be made of the most suitable route for a railway from northern Alberta through British Columbia to the Pacific coast.

VERY HARD LARGE PIMPLES

Spread Over Face and Hands. Cuticura Heals.

"My trouble began with a few pimples on my face and hands and soon spread all over them. The pimples were very hard, large and red, and festered and scaled over. They itched and burned so that I scratched them, which caused eruptions. My face was disfigured, and I could not put my hands in water and could hardly do my work."

"A friend advised me to try Cuticura Soap and Ointment so I purchased some, and in about two months I was completely healed." (Signed) Miss Jennie Ducharme, 481 Giroux St., Norwood, Man.

Cuticura Soap, Ointment and Talcum are all you need for everyday toilet and nursery purposes.

Sample Each Free by Mail. Address Canadian Dept., "Skincare" Ltd., Montreal. Price, Soap 25c, Ointment 25c and 50c. Talcum 25c. Cuticura Shaving Stick 25c.

A Confederation Prize For Literature

Recognition For the Most Outstanding Book of the Year

A Confederation Prize for Literature, to be awarded annually to the author of the most outstanding Canadian Book of the year, has been suggested by the Canadian Authors' Association in connection with the celebration of Canada's sixtieth birthday.

The National Executive of the Authors' Association by a unanimous vote has memorialized the Prime Minister, suggesting the setting aside of one-tenth of the \$250,000 Diamond Jubilee Fund to endow in perpetuity such an annual prize for the encouragement of Canadian literature.

Husbands Desert Wives

Pitiable Suffering Caused in Many Cases by These Desertions

The Montreal Star says editorially: "Pitiable suffering is caused by the tragedy of husbands deserting their wives and children. There has been a marked increase of this cruel conduct for some years past. Statistics compiled from court records, in our own city, demonstrate the sorrowful fact that fully 23 per cent. of the children placed in institutions of all kinds, and who are practically supported on charity, are 'innocents' who have been deserted by their fathers. And, think of it, in 21 per cent. of these desertion cases the mother was left ill. Here we have brutal cruelty on the part of husband and father."

A VERY RELIABLE HOME TREATMENT

How Weak, Run-Down People Can Obtain Relief

Among the many remedies offered for the maintenance or restoration of health and strength, there is none can compare with Dr. Williams' Pink Pills. Most ailments are due to poor, thin blood. Dr. Williams' Pink Pills have a specific action on the blood, making it rich, red and pure. Through this richer blood the tissues of the body are better nourished, and the functions of the body better performed. Anaemic sufferers, weak, languid and nervous people speedily find new health and strength through the use of this medicine. This was the experience of Mrs. John Armour, South Monaghan, Ont., who says:—"I am one of the many thousands who have regained health through the use of Dr. Williams' Pink Pills, and I take this opportunity of saying a word in praise of this splendid medicine. Before beginning the use of this medicine I was pale and badly run down. I found it difficult to do my housework and was tired and breathless at the least exertion. I had tried several medicines without benefit, and finally decided to try Dr. Williams' Pink Pills. Soon I began to feel better, sleep better, and eat better, and found my weight increasing. In a word I felt like a new person. I have since recommended the pills to others who have taken them with equally good results."

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box from the nearest drug store and begin this treatment now. The pills are sold by all medicine dealers or will be sent by mail at 50c a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

The Sales Industries Fair, the origin of which dates back to the middle Ages, will be held at Basel this year, April 2 to 12.

Strangled with Asthma is the only expression that seems to convey what is endured from an attack of this trouble. The relief from Dr. J. D. Kellogg's Asthma Remedy is beyond measure. Where all was suffering there comes comfort and rest. Breathing becomes normal and the bronchial tubes completely cleared. This unequalled remedy is worth many times its price to all who use it.

Primitive Russians place a certificate of character in the hands of dead persons, to be given to Saint Peter at the gates of Heaven.

Ready-made Medicine. — You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Electric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, sprains it is unsurpassed; while for cuts, sores and the like it is an unquestionable healer. It needs no testimonial other than the use, and that will satisfy anyone as to its effectiveness.

More mineral discoveries of importance have lately been made in the Portland canal area, Prince Rupert district.

An Oil of Merit. — Dr. Thomas' Electric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

A feature of the Edmonton Exhibition this year will be another historical pageant, commemorating the diamond jubilee of the Dominion.

For distemper—Minard's Liniment.

SUNDAY SCHOOL LESSON

MAY 1

PETER'S DENIAL AND REPENTANCE

Golden Text: Let him that thinketh he standeth, take heed lest he fall.—1 Cor. 10.12.

Lesson: Mark 14.53; 54, 66-71; Luke 22.61, 62.

Devotional Reading: Psalm 51.1-9.

Explanations and Comments

1. In the Palace of the High Priest, Mark 14.53, 54:—The time is after the betrayal and arrest in the Garden of Gethsemane. Two painful scenes are being enacted in the palace of the high priest. Above, in the Assembly Hall, stands Jesus before the Sanhedrin (chief priests and elders and scribes), the Judge of the World is being judged by men obsessed by hatred, bent on delivering him up to death.

Below in the courtyard sits Peter. He had followed Jesus afar off, and had entered "even within, into the court of the high priest," Mark tells us. The expression is redundant, and "suggests the idea of one stealthily feeling his way into the court of the palace, venturing farther and farther in, and gaining courage with each step."

The courtyard was the inner quadrangle, around which the palace was built. With the officers (doubtless the military guard who had delivered up their Prisoner and were waiting for further orders), Peter was warming himself by the fire which glowed in an open charcoal brazier. In the spring the nights are cold at Jerusalem and a fire is welcome.

"Sullen, and apprehensive at a word,"

Peter, the bold disciple of his Lord,

Crouches above the brazier's slender flame,

Flinching to hear his too familiar name,

Banished with Christ's, defiant to deny,

Lest one should fiercely whisper, "Crucify!"

The tongue, abrupt to censure or confess,

Is stifled by occasions harsh distress;

The steady eye that flamed in love or hate

Shifts from wide eye to eye of them that wait.

O Peter! Canst thou thus so soon forget

The grace on Hermon's Mount that hallowed thee,

While yet the tears upon his cheeks were wet,

From Bethany and grim Gethsemane." — Elwood Lindsay Hains.

The indications of worm are restlessness, grinding of the teeth, picking of the nose, extreme peevishness, often convulsions. Under these conditions one of the best remedies that can be got is Miller's Worm Powders. They will attack the worms as soon as administered and they pass away in the evacuations. The little sufferer will be immediately eased and a return of the attack will not be likely.

At the glorious feast of knowledge some people never get any farther than the soup.

GUM-DIPPING Builds Extra Miles

THE Firestone process of Gum-Dipping is one of the most important of the many Firestone contributions to more economical highway transportation.

By this process, every fiber of every cord is thoroughly saturated and insulated with rubber, minimizing friction and heat so destructive to tire life.

On the cars of hundreds of thousands of motorists, in the day-in and day-out service of the largest truck, bus and taxi fleets, in the battle of tires on race tracks, Firestone Gum-Dipped Tires, because of their greater stamina, are delivering longer mileage with added safety and comfort.

The Firestone dealer in your locality sells and services these extra quality tires. Let him tell you of the trouble-free service that the Gum-Dipping process insures and how he can save you better and save you money. See him to-day.

IS NOT POSSIBLE NOW TO EQUALIZE FREIGHT RATES

Ottawa. — After sittings extending over two years and occupying 105 days, the general freight rates inquiry by the Board of Railway Commissioners is drawing to a close. The inquiry is expected to be completed this week.

Isaac Pitblado, K.C., the last counsel to be heard for the provinces or others opposing rates increases, concluded his address and W. N. Tilley, K.C., Toronto, at once opened the case for the railways. He remarked on the changes which had occurred since the first important argument on freight rates was before the board, in 1911. Important changes had occurred in transportation conditions. In those days there was only one trans-continental railway spanning Canada. So, too, the scope of this inquiry was far more sweeping and comprehensive than any previous investigation had been and the judgment of the board, when rendered, would be of the greatest importance to all concerned — to the railway, the provinces and the nation as a whole.

Mr. Pitblado dealt at some length with the matter of equalization. He declared equalization of rates was an impossibility today. Any attempt to adjust the present rates structures today on the principle of an equal rate for equal mileage in every part of the country would mean chaos and disaster to the commerce of the country.

It was far more necessary, he declared, to set about an adjustment which would enable the natural resources of the country, the fruit, lumber, canning products, fish, etc., to move from the point of production to the most profitable market and so facilitate the development of that market, both domestic and foreign, than it was to legislate so that the trader in Montreal could serve his local market, of say 150 miles radius, at the same cost of transportation as the trader in Winnipeg could serve his.

Equalization of rates, said Mr. Pitblado, was no new idea. An attempt had been made in 1873 to put equalization legislation through the Canadian Parliament but without success and a similar attempt in the Imperial Parliament the previous year had met a like fate. Today it was no more practicable than it was half a century ago.

Russian Trade

Improvement in Agriculture and Industries is Reported

Montreal.—A big British concern engaged in shipbuilding has approached the chief concession committee of the Union of Soviet Socialist Republics offering \$100,000,000 long term credits to build merchant ships for the Soviet, according to announcement made here by the trade delegation of the Union. The offer, it was stated, was now under consideration.

During the four months of the current fiscal year, beginning October, 1926, export trade of the U.S.S.R. reached \$135,541,000, leaving a favorable trade balance of nearly \$18,000,000. Trading was carried on principally with eastern countries. The Soviet representatives declared the population of Russia was now 144,805,000 and statistics showed a general improvement in agriculture and industries since the 1921 period of depression.

Arctic Flier is Safe

New York.—The North American Newspaper Alliance has been informed that Lieut. George H. Wilkins, Arctic flier, who has been missing since March 29, when he hopped off from Point Barrow Alaska, for the unexplored regions to the north, has made a safe return to Beechy point.

Negro's Skin Turns White

Glasgow, Ky. — Eugene Clark, negro, whose skin began to change color a few years ago, is dead at his home near Sulphur Well. At the time of his death Clark's skin had virtually been transformed from black to white.

W. N. U. 1978

Well Known Horseman Killed

Captain Liddington, Victim of Horne-payne Wreck, Was Bringing Shipment of Horses West

Ottawa.—Captain J. Liddington, who was killed in the train wreck at Hornepayne, was an internationally known horseman. His father, Major Liddington, and himself were conducting a shipment of thoroughbreds from England and had been in Ottawa for several days where some of the horses were disposed of. Major Liddington took ill while here and is in the civil hospital.

The son, on Easter Monday, proceeded, assisted by helpers Garnett Bull, H. Enderby, and Patrick Brockrick, all believed to have come from Thame, England, to load the remainder of the horses some 35, which were being taken to Winnipeg and Vancouver where they were to be sold.

Six of the horses in the shipment were sold while the party was here to Captain Jenkins, of Toronto. Joseph Gleason, of Ottawa, bought one, and eight were sold in New York. All the remainder of the shipment, except two, it is believed, were killed in the wreck.

The horses were believed to have all won races in the old country and was a valuable collection. Major Liddington and his son had planned on returning to England for another shipment in August.

Government Refuses To Act

Peking Officials Reject Soviet Demands in Connection With Raid

Paris.—Rejection by the Peking Government of the demands of the Russian Soviet Government in connection with the raid on the Soviet buildings in the embassy compound at Peking, is reported in a despatch to the Indo-Pacific Agency. The raid on orders of the Northern Chinese authorities was carried out on April 6.

Two days after the raid the Soviet Government ordered all the embassy officials to leave and in a note delivered to the Chinese charge d'affaires at Moscow, made a series of demands. These included immediate evacuation of police from the compound, the release of all those arrested in the raid, and the return of all documents seized, together with all money, personal property, household goods and books taken by the police.

British Peer Joins Laborites

Sir Robert Peel Has Gone Over to Labor Party

London.—Another member of the British nobility is to join the Labor Party. Sir Robert Peel, baronet, grandson of the statesman, "Bobbie" Peel, from whom the London policemen derived the nickname which has clung to them since early in the Victorian period, has announced his intention of participating in politics on the side of Labor. The young peer already has under consideration proposals to stand for Parliament in the Tamworth division of South Staffordshire, his home, which was the division represented by his grandfather when he entered politics.

While prime minister, the older Peel founded the modern police force, and immediately the policemen became known as "Bobbies," and also as "Peelers," but the latter designation lasted only for a short time.

Federalship Seizure Illegal

Judge Hands Down Decision in California Court

San Francisco Cal.—Handing down a decision that the seizure last March of the steamship Federalship with its million-dollar cargo of liquor and arrest of the captain and 19 members of the crew, 300 miles off the California coast, was illegal, Federal Judge Bourquin ruled that the seizure was in violation of treaty relationships between nations.

Captain S. S. Stone, skipper of the Federalship, and 19 members of his crew, were released from jail following the judgment.

Supports New Voting Bill

London.—Lloyd George has promised his support to the Government's measure giving women of 21 years of age the franchise. The measure is to be introduced in the House of Commons shortly.

FORMER LABOR PRIME MINISTER AT WASHINGTON

Washington.—A sentimental traveller down old familiar roads was how right Hon. J. Ramsay MacDonald, former Labor Prime Minister of Great Britain, described himself to the Canadian Press correspondent here, when he arrived for a brief visit to Sir Esme Howard, the British ambassador.

Mr. MacDonald stated that his visit had no political significance. He said he was unable to reach Canada on this trip as pressure of business compelled him to sail for home very soon.

Asked if British Labor had seriously resented the deportation law of 1919 in Canada, Mr. MacDonald said he had never been seriously alarmed that the sedition laws of the Dominion would be unfairly used against Britishers there.

In the opinion of the former Prime Minister, the Baldwin Government had "fumbled," and the trend of political opinion was in favor of the return to a Labor Government in Great Britain on his analysis of the vote in recent by-elections in Leith and Southwark.

Mr. MacDonald predicted a recurrence of the coal miners' strike unless wrongs of the miners were redressed soon. He did not believe, however, that the general strike weapon would be used next time, remarking that many who favored the general strike weapon had found themselves unwilling to be "generally struck."

Mr. MacDonald was a luncheon guest at the British embassy and was entertained at dinner by the executive council of the American Federation of Labor.

Another Royal Exhibit

Belgian Queen Announces Entry for Poultry Congress

Ottawa.—Still another member of a European royal family is to be an exhibitor at the world's poultry congress to be held in Ottawa from July 27 to August 4. Congress headquarters received word from Brussels that included in the Belgian national live bird exhibit would be a number of fowl the property of Her Majesty Queen Elizabeth of Belgium. The Belgian exhibit will consist of fowl, pigeons and rabbits.

Other royal exhibitors already announced are His Majesty King George, H.R.H. the Prince of Wales and H.R.H. the Prince of the Asturias, heir to the Spanish throne.

New Fashions from Japan

These young ladies who are travelling on the world cruise of the Canadian Pacific flagship the Empress of Scotland, were so struck by the beautiful garments they saw when their tour came round to Japan that they went and purchased one of the most outstanding, namely, the haori. This, as can be seen from the engraving, is a very beautiful sort of shawl whose folds can be arranged according to taste in almost any shape desired. They are very attractively figured in floral designs and from the general appearance of them, it would not be surprising if these young ladies became the advance guard of a new fashion originating from Japan. Anyway, we make a present of the idea (although not of the garment) to our readers.

Not Getting Fair Deal

Rural Schools Entitled to Experienced Teachers Opinion of Dr. Kerby

Edmonton.—"Rural school children are not getting a fair deal today," declared Dr. George W. Kerby, principal of Mount Royal College, Calgary, in an address before the convention of the Alberta Educational Association here. He deplored the tendency to train teachers for handling city schools, the sending of junior and often immature teachers to country schools to gain experience and a lack of sympathy for rural schools.

"The average rural school trustee looks at the country school as a little building where a little teacher teaches little things to little children for a little while at a little salary," declared Dr. Kerby. "There is need to consider the whole question of rural education, which is greater than the wheat pool or immigration problems."

Canada's Jubilee

Sir Arthur Curry Would Like to See Preparations Hurried Up

Montreal. — The apathy with which, he said, Canadians were approaching the jubilee date of Confederation was deplored by Sir Arthur Curry, commander-in-chief of the Canadian troops during the war and principal of McGill University. He spoke before the Electrical Club of Montreal.

"Jubilee committees have been appointed," said Sir Arthur, "but I would like to see some sign of activity upon the part of those forming those committees. The birthday of Confederation is not far off. It is high time something were done. I know that on the first of July those great bells at Ottawa will peal out but they will not reach the general public of Canada."

Hopes to Retain MacBrien's Services

Ottawa.—The hope that the services of Major-General J. H. MacBrien, chief of staff of the Department of National Defence, might be retained was expressed by Premier King, addressing the officers of the Governor-General's Foot Guards at a dinner. General MacBrien some time ago tendered his resignation. Premier King paid high tribute to General MacBrien.

Expects to Win Wager

Toronto.—W. H. Chapman, aged 77, who has walked nearly 16,000 miles since July, 1923, to win, he says, a \$5,000 wager, passed through this city April 19. He has yet to cross the continent to comply with the rules of the wager. He started from Milwaukee and he is now going to Cochrane, and expected to be in Vancouver and complete the round trip some time in the summer.

CIVILIAN WAR SUFFERERS MUST WAIT FOR A YEAR

Ottawa.—There will be no payments this year to the civilian sufferers from the great war.

Reparations Commissioner Friel has not yet completed his work.

It is understood that the secretary of state has been for some time pressing Mr. Friel to hurry his reports, seven being still unfinished, but has been unable to speed things up. The result is that many impoverished citizens of Canada must suffer for another year without the compensation payments which the Dominion is willing to pay.

These war sufferers have no legal claim, but the principle has been generally accepted that compassionate payments will be made out of Canada's share of the reparations under the Dawes plan.

There is no legislation authorizing this and whatever payment is made must be specifically voted by parliament. An attempt was made two years ago to get parliament to vote part of the money, but this was refused. Parliament wanted the full report.

With parliament prorogued and the commissioner's final report missing, there was no vote passed. The secretary of state admits that some of the claimants are in a destitute condition, yet nothing can be done for them.

Canada has received \$4,000,517 in payments on reparation account, and still has \$3,789,430 due from Great Britain. The latter sum, however, is dependent on the settlement of other accounts between Britain and Canada. If this sum is paid there will be \$7,798,947 available on reparations account, together with any Dawes instalments paid in the meantime.

The policy of the government with reference to this money will not be decided until Commissioner Friel makes his report.

The British parliament appropriated \$27,500,000 for distribution to claimants who had suffered loss. Canadians domiciled in Britain have thus been compensated, but Canadians domiciled at home must still wait nearly nine years after the war is over.

Announces Anaemia Cure

Ready For Public Use Very Soon Says Rochester Doctor

Rochester, N.Y. — Man has proclaimed a new victory over disease with the announcement that within a few weeks there will be ready for public use a cure for anaemia that has been successful in 90 out of 109 cases.

The announcement was made by Dr. George R. Whipple, dean of the medical schools of the University of Rochester, after ten years of experiments in which he has been assisted by Mrs. Frieda S. Robbins, physiologist at the school. For the past two years Dr. George R. Minot and Dr. Edwin J. Cohn, of Harvard medical school, have collaborated with them.

The cure is a serum discovered during a decade of experimenting on anaemic dogs and humans. It is an extract of beef liver but has not yet been sufficiently purified to make chemical identification or naming possible. It will be distributed through selected physicians in the various cities as was done with insulin.

Only Two Dry Provinces

Government Liquor Control Goes Effect in New Brunswick

Fredericton, N.B.—The province of New Brunswick formally associated itself with the other six provinces of Canada which now have Government control liquor laws when Lieutenant-Governor Todd gave Royal assent to the measure which passed the Legislature and which gives this province an act similar in many respects to that which will shortly come into operation in Ontario.

This leaves only Nova Scotia and Prince Edward Island with temperance laws based on prohibition of the sale of alcohol.

Alberta Wheat Pool Directors have decided that the 6 per cent interest accumulating on Elevator Reserve Accounts, should be paid out to the members in all cases where it amounts to \$1.00 or over.

Payment of this interest from August 31st, 1925, to August

31st, 1926, on deductions made from the 1924 crop, will, therefore, be made about the end of May, and mean a total distribution of approximately of \$20,000.

Amounts under \$1.00 will simply be added to the Members' accounts and carried forward to the following year.

Church Announcements

EVANGELICAL NOTES.

The annual business meeting of the Didsbury Evangelical church was held on a recent date with a good representation of all the departmental officers in attendance. The election of trustees, stewards and other church officers took place as usual in the routine of annual business deliberation. Mr. Geo. Liesemer was again appointed as

choir leader, with Dr. Liesemer and Mrs. Roppel as church organists. Other elections of less interest to the public but no less important are too numerous to mention here.

Financial reports were heard from every department of the church which indicated a deep interest and high degree of generosity exercised by the church attendants throughout the past conference year. This congregation has always raised a large budget and even though several families plus a score of young people have moved away, the total receipts and expenditures during the year for all purposes were approximately \$5,500.00. Of this amount a large share was applied to Missions and Benevolences at home and abroad. It has been well said that true Evangelicals are characterized by the missionary spirit of "giving" or "going." It may also be interesting to note here that there was no admission fee for any of the numerous church programs rendered from time to time.

A condensed statement of the pastor's annual report is as follows: preached 171 sermons; week-day addresses, including prayer-meetings, catechetical and Tuxis, 125; taught S. S. class 59 times; pastoral visits 500; baptisms 9; funerals 7; weddings 5; letters written in interests of the church and Christian work 1,000 and motored 5,000 miles in pastoral work.

KNOX and WESCOTT

The Trail Rangers were in charge of the "Father and Son" services at Knox church Sunday evening and took their part in a creditable manner. Across the front of the church was displayed the Trail Rangers and Tuxis Banner putting forth the four-fold program. On the walls were posters, each bearing a statement that had to do with this great movement. One poster read, you must "boy" the church today, if you wish to "man" it tomorrow. Another read, "Wanted, parents who do not say to their children, "Go to church," but rather, "Come on, let us all go to church."

This Sunday, May 1st, the minister is taking for his subject "The Divinity of Man, and there is no better way of making life divine, than by giving worship its true sphere.

Saturday, the Trail Rangers will leave Knox church about 11:15 a.m. for a treasure hunt. The boys are asked to bring their lunch.

C. F. DOOLEY, mgr

LUTHERAN CHURCH

Westcott 10.30 a.m., German Didsbury 2.30 p.m., German.

There is possibly no Psalm more widely read and more widely known than the Twenty-third, written by David, the son of God. The Psalm itself seems to have been written toward the close of David's life. "There is a fullness of experience about it and a tone of subdued confidence which speaks of a heart mellowed by years, and of a faith made sober by many a trial" a master preacher once has said.—On the basis of the Psalm the pastor will present the two pictures which the Psalmist uses, that of the Divine Shepherd leading His flock and that in which God is pictured as the host and we, as the guests at His table and the dwellers in His house.

The social gathering held at the home of Mr. Dageforde Sunday afternoon proved a most interesting affair. Compliments were extended to the Ladies' Aid both by the congregation and the Walther League, while messages from Rev. A. H. Schwerdtmann, President of Concordia College, and Rev. W. L. Kreng, former pastor of St. Paul's were read. After the history of the Aid and the reports were given Mrs. M. Jacobsen, president of the Aid, gave the assurance that the Aid would show the same faithfulness in the future that it had shown in the past.

On Sunday evening next the Walther League will meet at the home of Mr. John Bode.

BAPTIST CHURCH.

The pastor is at present giving a series of sermons on the future life. The subject for next Sunday will be "The Judgment."
